

Green Valley Family Practice

Dr. Emily Carter, MD

License No: MD987654

124 Oak Street, Austin, TX 78701

Phone: (512) 555-2398

Date: October 7, 2025

Patient: John Doe

Age: 56

Sex: Male

Weight: 82 kg

Personalized Diet Plan for Management of Type 2 Diabetes, Hypertension, and High Cholesterol

This diet plan is designed to complement your current medications (Metformin for diabetes, Lisinopril for hypertension, Simvastatin for cholesterol, and short-term Ibuprofen and Amoxicillin). It incorporates principles from the DASH (Dietary Approaches to Stop Hypertension) diet, which is effective for lowering blood pressure, reducing LDL cholesterol, and supporting blood sugar control in diabetes. The plan emphasizes whole foods, portion control, low sodium (<2,300 mg/day), low saturated fats, and high fiber to promote heart health, kidney function, and weight management (aiming for 2,000-2,200 calories/day based on your age, sex, and weight).

Key Guidelines

- **Focus Foods:** Vegetables, fruits, whole grains (e.g., oats, quinoa), lean proteins (e.g., fish, poultry, beans), nuts/seeds, low-fat dairy, and healthy fats (e.g., avocado, olive oil).
- **Foods to Limit:** Added sugars, refined grains (e.g., white bread), fatty meats, full-fat dairy, sugary beverages, and high-sodium processed foods.
- **Daily Servings (Based on 2,000 Calories):**
 - Grains: 6-8 (e.g., 1/2 cup cooked rice)
 - Vegetables: 4-5 (e.g., 1 cup leafy greens)
 - Fruits: 4-5 (e.g., 1 medium apple)
 - Low-fat dairy: 2-3 (e.g., 1 cup yogurt)
 - Lean proteins: ≤6 oz (e.g., 1 oz fish or poultry)

- Nuts/seeds/legumes: 4-5/week (e.g., 1/3 cup nuts)
 - Fats/oils: 2-3 (e.g., 1 tsp oil)
 - Sweets: ≤5/week (e.g., 1 tbsp jam)
- **Tips:** Use the plate method (1/2 veggies, 1/4 protein, 1/4 whole grains). Monitor portions to manage blood sugar. Drink plenty of water (8+ cups/day). Consult your doctor before major changes, especially with kidney monitoring advised.

DASH Diet Suggested Servings for a Balanced Meal Plan

Sample 7-Day Meal Plan

This plan is adapted for ~2,000 calories/day, incorporating diabetes-friendly, cholesterol-lowering foods like oats, fatty fish, and berries. Each day includes approximate totals: 2,000 calories, 90-100g protein, 70-80g fat, 150-170g carbs, 30-40g fiber, <1,500mg sodium. Adjust portions as needed and pair with your medications (e.g., Metformin after meals).

Day	Day	Day	Day	Dinner
1	Rainbow Frittata (eggs with veggies) + 1 slice whole-grain toast + 1 apple (400 cal)	Chicken Satay Bowl with Spicy Peanut Sauce (grilled chicken, veggies, brown rice) (550 cal)	Baked salmon with roasted vegetables and quinoa (500 cal)	AM: ¼ cup almonds + 1 plum (250 cal) PM: ¾ cup Greek yogurt + ½ cup raspberries (300 cal)
2	Overnight Berry Muesli (oats, berries, low-fat yogurt) + Strawberry-Pineapple Smoothie (500 cal)	Chicken Satay Bowl with Spicy Peanut Sauce (550 cal)	Grilled tofu with mixed greens salad and whole-grain roll (450 cal)	AM: 1 cup blackberries + 15 walnut halves (250 cal) PM: 1 medium apple + 2 Tbsp peanut butter (250 cal)
3	Overnight Berry Muesli + 1 cup low-fat kefir (450 cal)	Chicken Satay Bowl with Spicy Peanut Sauce (550 cal)	Cajun-Spiced Tofu Tostadas with Beet Crema (450 cal) + Guacamole Chopped Salad (side)	AM: ¼ cup almonds + 1 large pear (300 cal) PM: ¾ cup Greek yogurt + ½ cup raspberries + 1 Tbsp walnuts (250 cal)

4	Overnight Berry Muesli + Strawberry-Pineapple Smoothie (500 cal)	Chicken Satay Bowl with Spicy Peanut Sauce (550 cal)	Vegetarian stir-fry with tofu, broccoli, and brown rice (450 cal)	AM: 20 walnut halves + 1 cup blackberries (300 cal) PM: ½ cup raspberries + 30 almonds (200 cal)
5	Rainbow Frittata + 1 slice whole-grain toast + 1 orange (400 cal)	Chicken Caesar Pasta Salad (whole-grain pasta, chicken, veggies) (550 cal)	Baked fish with sweet potato and steamed greens (500 cal)	AM: ¼ cup almonds (200 cal) PM: 1 cup edamame + 1 pear (350 cal)
6	Avocado toast on whole-grain bread + boiled egg + berries (450 cal)	Lentil soup with mixed salad (500 cal)	Grilled chicken with quinoa salad and avocado (550 cal)	AM: Handful of nuts + apple (250 cal) PM: Greek yogurt with chia seeds (250 cal)
7	Oatmeal with nuts and fruit (450 cal)	Tuna salad with whole-grain crackers and veggies (500 cal)	Vegetable stir-fry with lean beef strips and brown rice (550 cal)	AM: Yogurt parfait (250 cal) PM: Carrot sticks with hummus (250 cal)  eatingwell.com Example DASH Diet Meal: Salmon with Vegetables and Whole Grains

Additional Advice

- **Monitoring:** Track blood sugar, blood pressure, and cholesterol. Follow up in 4 weeks as prescribed.
- **Hydration & Activity:** Aim for 30 minutes of walking daily. Avoid alcohol and caffeine excess.
- **Customizations:** If you have food allergies or preferences, adjust accordingly (e.g., vegetarian options).
- **Sources:** This plan draws from evidence-based guidelines for your conditions.
